Under the Americans with Disabilities Act, PRC must make a reasonable accommodation to allow a person with a disability to take part in a program, service or activity. For example, this means that if necessary, PRC must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that PRC will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that you will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if at all possible. Please contact PRC at 602-253-6895.

Según la Ley para Americanos con Discapacidades (ADA), PRC tiene la obligación de realizar esfuerzos razonables para facilitar que las personas discapacitadas puedan participar de los programas, servicios o actividades. Esto quiere decir, por ejemplo, que PRC debe proveer intérpretes de lenguaje de señas para las personas sordas, una localización accesible por silla de ruedas, o materiales impresos en letra agrandada. También significa que PRC hará un esfuerzo razonable para que usted pueda participar en una actividad o comprenderla, incluyendo cambios razonables en la actividad. Si usted cree que no podrá entender una actividad o participar en ella a causa de su impedimento, por favor, comuníquenos de antemano su impedimento si le es posible. Por favor, llame a PRC al 602-253-6895.

Leadership Academy Aeroterra Senior Village

Aeroterra Senior Village residents completed the Leadership Academy program offered through Phoenix Revitalization Corporation. They were presented with a Certificate of Completion as part of the graduation and have now become the XXXV Leadership Academy class. The academy focused on how to increase residents' awareness of community resources, and how to use intergenerational strategies as a means to work towards community change.

Residents learned about diversity, personal values and were challenged to reflect within themselves and discuss thought provoking issues, while practicing respect for others thoughts, feelings and opinions. The classes were held twice a week for two weeks and included interactive activities, sharing among participants, and trust building activities.

Aeroterra Senior Village is located at 675 N. 16th Street and is part of the Frank Luke Addition Revitalization HOPE VI Project.

The **Getting Arizona Involved in Neighborhood (G.A.I.N)** Event took place on October 19, 2013 at Harmon Park. This year's venue was held as a breakfast event between 8 am and 12 noon and was well attended with over 350 children, adults, seniors, volunteers and community agency members. Area residents participated in family friendly healthy activities while engaging with community providers. The City of Phoenix Police was very involved in engaging residents on how to keep their community a safer place. Sandra Renteria, City of Phoenix Assistant Police Chief and State Representative Ruben Gallegos joined the event to meet the community.

Activities included a Walking Circle, a nursing station, continental breakfast, a raffle with prizes, entertainment, dancing and community agency booths. The Moving Communities Collaboration which consists of many partners including Arizona State University School of Nursing; Maricopa Integrated Health Plan; City of Phoenix Housing, Neighborhood Services and Parks and Recreation Departments, Grant Park; Marcos de Niza Tenant Council; IG Holmes Boys and Girls Club; Valley Christian Center and Phoenix Revitalization Corporation (PRC) encouraged residents of all ages to exercise in the Walking Circle activity. Participants were encouraged to sign up for one of the six Walking Clubs located in Central City South. We Cycle USA provided a bicycle safety crash course for youth focusing on riding bikes safely within the community. Children were able to get their face painted at the HOPE VI booth. Over fourteen social service, recreation, and community agencies provided general information regarding services available. The event served as a fun and informational experience for all who attended.

Henson Village Art Group

An Art & Socialization Group is scheduled each Monday at Senior Living at Henson Village and is open to residents living at that site. It is facilitated with established projects; however participants are encouraged to share their ideas. If they are comfortable doing so and have an area of expertise they'd like to share, residents are able to co-facilitate sessions. The Art Group gives participants the opportunity to socialize while creating. Some projects that have been completed are: scrapbooking; micro bead pens; jewelry-making (bracelets, earrings, necklaces with glass beads); wooden magnets; landscape paintings on canvas; and seasonal crafts. The facilitator guides the participants through the exercise, providing supplies and instruction. The Art Group facilitators are Arizona State University Masters or Bachelors Social Work students who seek to provide a creative and social environment while providing support to its participants.

District 5
Councilman Valenzuela

“Ending Chronic Homelessness of Phoenix Veterans”

If there is one thing I know for sure, it is that our nation’s veterans should not be living on the streets, without a place to call home. The reality is that some women and men who risked their lives for our country have slipped through the cracks of the system – and ended up chronically homeless.

For those trying to survive on the streets of Phoenix, things are about to change. As chairman of the City Council Neighborhoods, Housing and Development Subcommittee, I have advocated to right this wrong for the remaining 56 chronically homeless veterans living on the streets of Phoenix.

I am proud that Mayor Stanton and my council colleagues and I unanimously voted to approve \$100,000 in funding to make Phoenix the first city in the nation to end chronic homelessness among our veterans.

The measure approved in early November will ensure that our chronically homeless veterans will be in temporary bridge housing – or permanent housing – by the holidays. This would not have been possible without the help of passionate volunteers, the community, and non-profit organizations, including Project H3 VETS.

The veterans who honorably served our country should not face the everyday life-threatening risks of living on the streets. Public/private partnerships like this show that we are stronger when we are united. Together, we can become one of the safest and most compassionate cities in the nation – and it starts with our veterans.

I look forward to hearing from you. Please contact my office at 602-262-7446 or council.district.5@phoenix.gov or connect with me on Facebook.com/danielforphoenix or Twitter @DTVValenzuela.
